**FOR 70 YEARS, WE HAVE MADE
HVAC TOOLS WITH INTEGRITY.**

TOOLS FOR CLIMATE CONTROL

Designed to handle all HVAC systems
Durable and cost-effective tools
Includes R 410A service tools

Well-engineered refrigerant recovery equipment, HVAC vacuum pumps, HVAC hoses and refrigerant gauges for your exacting standards.

**93600 BULLET SINGLE PHASE
VACUUM PUMP**

Voltage (single phase): 115V / 60 Hzt
Motor: 1/2 hp 1725 rpm
Net Weight: 30.8 lbs. (14.0 kg)

**40345 SINGLE TEST COMPOUND
GAUGE**

Blue Compound Gauge with Quick Coupler and Hose
°F, 0 - 800 psi | R-22/404A/410A

69075 SUPERVAC LCD

No adjustments or warm-up.
Automatic battery compensation.
Case protects electronic circuitry and sensor.

**61158 ERGONOMIC FINFIX
COMB SET**

Easily straighten and clean the fins on condensers and evaporators.
Shape conforms to the hand and thumb for a more comfortable grip.

**40344 SINGLE TEST PRESSURE
GAUGE**

Red Pressure Gauge with Quick Coupler and Hose
°F, 0 - 800 psi | R-22/404A/410A

69086 ELECTRONIC VACUUM GAUGE

Patented thermal conductivity sensor
12" coiled sensor cord stretches to 24"
20 minute auto power-off
NIST traceable calibration standard
